January Newsletter

It's true what they say, time really does fly!

January has whizzed by and in true Rangiora Promotions style we have begun the year with a bang at the Muscle Car Madness, Downtown Street Party on Thursday 25 January.

We had a lovely evening and although it was cut short by the weather, we were graced with a rather exciting thunder and lightning storm - which many people thought I organised as an attraction.

We are looking forward to another fantastic year ahead with our annual events, monthly networking functions and possibly some other projects that might come our way.

We look forward to seeing you at our next Last Wednesday Club which is detailed below, and just a reminder that planning has already begun for our next event Eats & Beats. We would love to hear from any businesses who may be interested in sponsoring the event.

Best Wishes, Belinda Topp - Promotions and Membership

One month down and already one of our events has been completed and a very successful one at that. I have received a lot of positive feedback since the Downtown Street Party and once again am very proud of the outcome.

I am looking forward to leading Rangiora Promotions into another year and continuing to add value for our membership base.

Behind the scenes our team are constantly advocating on behalf of our members, and we hope that as members you are as proud to be a part of Rangiora Promotions as we are, given the proven success of our current model.

Best Wishes, Ross Ditmer, Chairperson

We can help.

We have six opportunities available this year for you to host the Last Wednesday, or why not share the costs and co-host with another business.

Our Rangiora Promotions team will market the event to our members, and via our social media channels, coordinate the RSVPs and keep you up-to-date. Bev will take care of the raffle on the night, and introduce you to your audience, ready for you to market your business to your fellow North Canterbury business people.

Muscle Car Madness, Downtown Street Party Thursday 25th January

What a great way to start the year!

We had so much fun working alongside Stottle Promotions again to produce this great event. We managed to fill High Street once again with over 250 classic cars of many types.

Thanks a lot to those retailers who stayed open on the night, this makes all the difference and ensures the event will continue running on the High Street and not at another venue. To those businesses who were expecting to see Farmers open, my apologies that they weren't open. I had been informed they were to open, and unfortunately due to a staffing change they were in the end closed.

The event was certainly busier than last year and I estimate a turnout of approximately 5,000. It was great having some wonderful stall holders set up on the Council's Lawn and we had some amazing musicians perform at the event including the very talented teenage band 'The Wingers' who were an absolute crowd pleaser, followed by their Band Managers The Sign of the Firebird. Down the other end we had Sound Control and Melbourne band The Flying Saucers.

The crowd was absolutely stunned by 'Jackson in Action' with his incredible drumming skills which ended with his fire drumming, this was certainly a first time experience for me.

We look forward to bringing you this event again in 2019.

A huge thanks to our two key supporters Southbrook Hire who sponsored this event and the Rangiora Photographic Society who support us in all of our events throughout the year.

Thank you also to Visit Waimakariri for their funding towards the event.

Community Event Advertising

As mentioned last year we now have spaces available throughout the year for advertising your Rangiora Community Event. We currently have three of the four structures up and running on Milton Ave, Woodend Road and Oxford Road. Lineside Road has been held up and this will be erected at a later date.

If you have an event within Rangiora, which is for the community and you would like to advertise on these structures please contact Belinda - rangiorapromotions@gmail.com. There are specific size requirements and specifications when advertising on these structures and we do advise booking well in advance as bookings are already flocking in.

Once again we would like to acknowledge the incredible support that we have received from **CERT** - who provided the funding for the construction of these signs; **MainPower** who provided their services to dig the holes for the posts, **Men at Work** who provided the traffic management required during construction and the **Loburn Sawmill** who helped in sourcing the materials. Without the support of these businesses and funding bodies these projects simply wouldn't be possible.

Thank you also to **Graeme McCartin from McCartin Stokes Transport**, **Horton Signs** and the **Waimakariri District Council** who have worked along side Rangiora Promotions to organise these structures.

Rangiora Central Sewer Upgrade Makes Way to Southbrook Road

The first stage of the multi-year Central Rangiora Sewer Upgrade which started at the Rangiora Wastewater Treatment Plant and progressed along Railway Road is now complete. Contractors have now set up in Denchs Road, next to Southbrook School, Kindercare and Rangiora New Life School.

It's a busy location to work from, and contractors are doing their best to minimise disruption to the surrounding schools as they excavate the road to lay large sewer pipes. [Read more here.](#)
